

“Fix 1911 MUMS*LINK Dates” is to be used if you posted January 2011 MUMS*LINK prior to changing settings in MUMS*LINK from 2010 to 2050 as per prior emails.

To run Date fix (MTDATEFIX.exe)... Click on link [Fix 1911 MUMS*LINK Dates](#) and save to c:\mt2000 folder. Then go into your c:\mt2000 folder and find the file MTDATEFIX.exe and double click it. If Windows asks a question, select RUN.

You need to RUN this program TWICE. Once set to DUES and click on “FIX-IT” and again set to NOTES and click n “FIX-IT”.
