

How to Upgrade MUMS from the Internet

Step #1: Going to the Web Site to get Image of MUMS Upgrade CD

- Using your Internet Browser go to **www.MUMS2000.com**
- Click on the link that says "Upgrade to MUMS/2000 Ver x.xx"

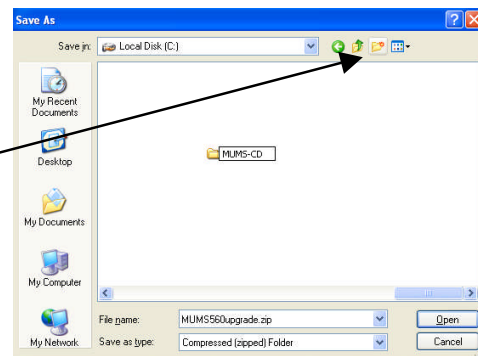

- Click on SAVE

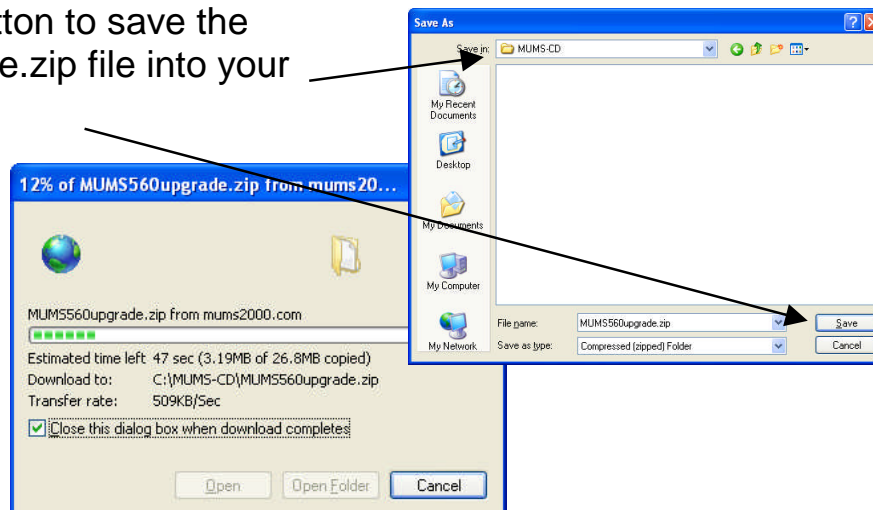

Step #2: Saving the CD-IMAGE

- Change "Save-In" to your Local Disk (C) and double click on MUMS-CD folder.
- If you do not have such a folder, click on the "Create New Folder" button and make the folder name "MUMS-CD". Then press enter to save new name and double click to open.

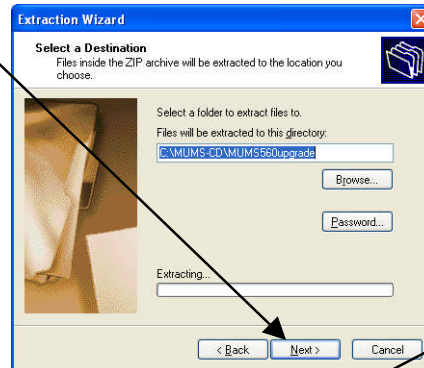

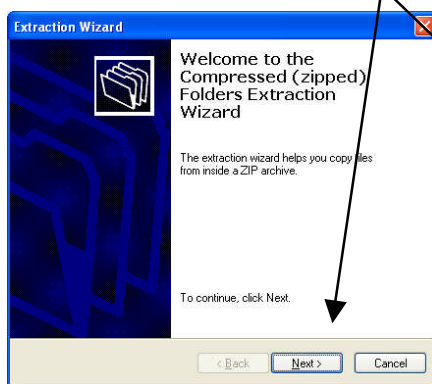

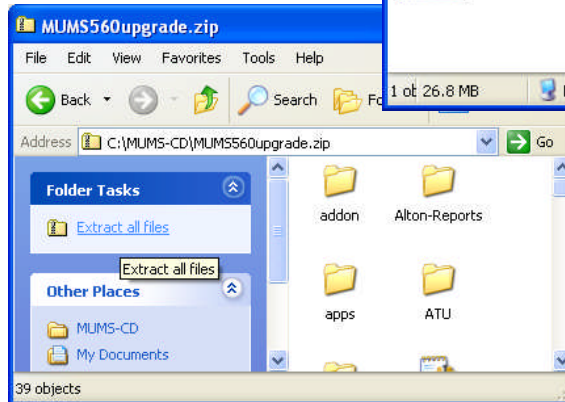

NOTE: If you are a Network you will want to put this folder on server so each station can access it.

- Click on Save Button to save the MUMSxxxUpgrade.zip file into your MUMS-CD folder.
- Wait for transfer to be done then exit the Internet.

Step #3: Unzip the CD-IMAGE

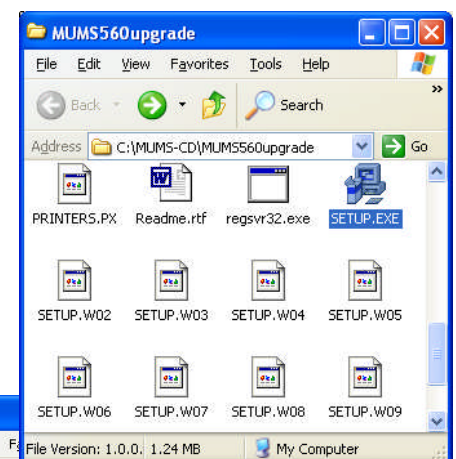

- Using "My Computer" open your C-Drive and then open the MUMS-CD folder and double click on MUMSxxxupgrade.zip icon
- Click on the "Extract All Files"
- Click on NEXT Twice to unzip the CD-Image into a new sub-folder that is named for the version you are loading.

- Uncheck :Show extracted Files and then Click on FINISH to view your new folder and close any open screens.

Step #4: Upgrade of MUMS on every computer

- Using "My Computer" open up the new folder on your C-Drive that is called C:\MUMS-CD\MUMSxxxUpgrade (where xxx = version#)
- Double click on SETUP.exe and click on RUN and then all default NEXT to upgrade the computer.

Step #5: Option upgrade of Addon Program

- Using "My Computer" open up the new folder on your C-Drive that is called C:\MUMS-CD\MUMSxxxUpgrade, then open the ADDON folder then double click on Addon.exe.
