

# Instructions on how to upgrade MUMS

## 1 - BACKUP your Tables

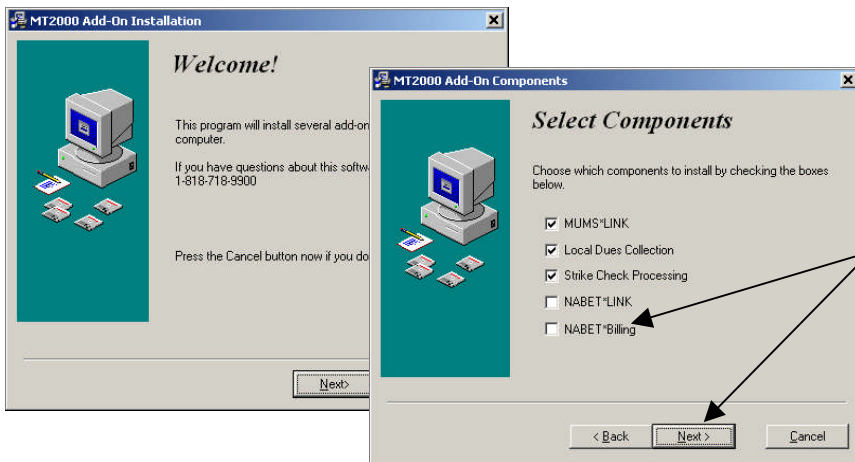

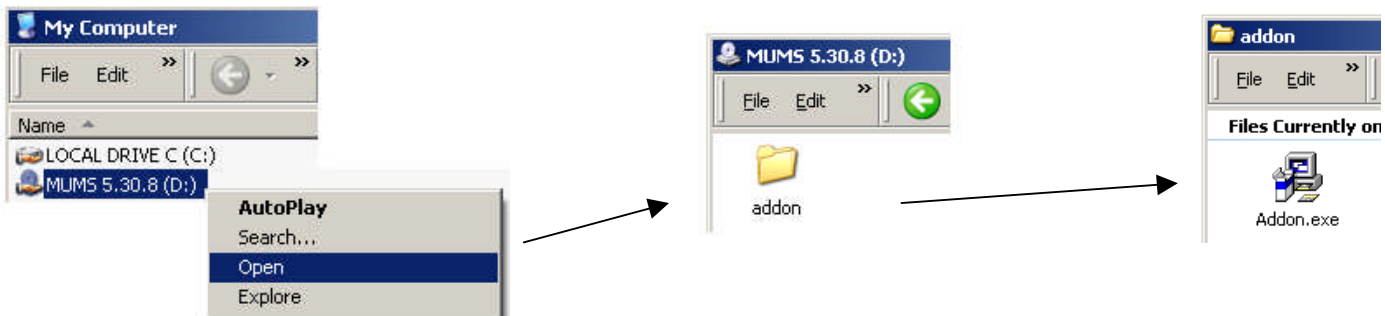

## 2 - On every Computer:

Insert the Upgrade CD and Accept the 1<sup>st</sup> Screen and if it shows this is an upgrade just click on all of the NEXT buttons. You do not need to do anything but click on all of the highlighted buttons.

## 3 - On the computer that does MUMS\*LINK and other Addons:

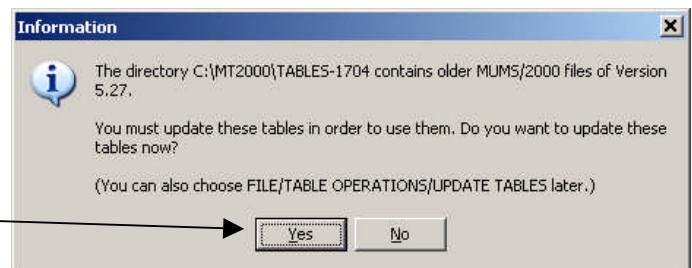

After upgrading MUMS, click on My Computer, right click on CD to Open, open Addon Folder and double click on Addon.exe.

Then click on Next and if you are not a NABET local, uncheck the two NABET items prior to clicking on NEXT and any other buttons to finish the install.

## 4 - The first time you enter MUMS:

Just click on YES for one-time update of your locals membership files.
